

ENVIRONMENTAL POLICY

****ITF Technologies: Management Comitment****

Management is committed to protecting the environment and integrating sustainable practices into all aspects of our operations.

We recognize our responsibility to employees, customers, suppliers, and the community, and we strive to continually reduce the environmental impact of our activities.

Through this commitment, we aim to contribute to a more sustainable future while supporting the long-term success and performance of our organization.

PRINCIPLES AND OBJECTIVES

- » Comply with all applicable environmental laws, regulations, and other relevant requirements.
- » Prevent pollution and minimize the environmental impacts associated with our activities, products, and services.
- » Use natural resources responsibly, including energy, water, and raw materials.
- » Reduce waste generation and promote reuse, recycling, and responsible disposal practices.
- » Reduce our environmental impact by improving resource efficiency and encouraging sustainable workplace practices.
- » Promote the use of environmentally responsible products and services whenever feasible.
- » Raise awareness and provide training to employees so they can contribute to achieving our environmental objectives.
